

NeverFurl™

The original, non-furling flag device!

Order yours now in time for flag season!

Furled flag without NeverFurl non-furling device!

Eliminate flag wrapping and furling problems (above) with the innovative **Never Furl®** device (right).

NeverFurl makes the original non-furling device for flags and flagpoles that absolutely prevents flag furling and wrapping!

Works with new or to retrofit used flagpoles made of any material and any length!

Available in sizes to fit 3/4" 1", 1 1/2" and 2" diameter flagpoles.

Works on Vertical, Outrigger and Horizontal as well as tapered or telescoping poles.

Works with all size flags.

Works regardless of changes in wind speed and direction.

The unique design of the **Never Furl®** device, allows each bushing to work independently with the wind by moving up and down, and rotating around the pole, thereby eliminating flag wrapping!
